IEI Engineering Excellence Award 2024

Benediction

Deans' messages...

Prof. N. Gopala Krishna Murthy
Head - Technology Centre, AICTE IDEALab
Program Coordinator - CSIT

"The future belongs to those who believe in the beauty of their dreams."
- Eleanor Roosevelt

At SRKR Engineering College, your commitment to innovation and excellence plays a pivotal role in shaping not only your academic journey but also the future of technology. We live in an era where digital transformation and emerging technologies are revolutionizing industries, and I urge you all to embrace these changes as opportunities for growth. The AICTE IDEA Lab, along with the CSIT program, is dedicated to providing the knowledge, resources, and mentorship necessary for you to excel in this rapidly evolving landscape.

Together, we will continue to strive for excellence by creating an ecosystem that nurtures curiosity, fosters problem-solving skills, and promotes hands-on learning. As you move forward, remember that success is the result of constant effort and learning. The skills and knowledge you gain today will not only shape your careers but also contribute significantly to the development of technology and society as a whole. I look forward to witnessing your growth and accomplishments as you step into the future with confidence and enthusiasm.

Best Wishes

—Prof. N. Gopala Krishna Murthy

Prof. Suresh Babu Mudunuri
Program Coordinator-
Computer Science and Design

"The only way to do great work is to love what you do."

- Steve Jobs

Dear engineering aspirants, as you embark on your journey in the field of Computer Science and Design, I encourage you to approach every challenge with curiosity and determination. This is a discipline that requires not just technical skills but also creativity and critical thinking. The future of technology and design lies in your hands, and the opportunities ahead are boundless. By embracing innovation, honing your skills, and staying committed to your goals, you can make significant contributions to the evolving world of computer science.

Our focus at SRKR Engineering College is to build an environment that promotes curiosity, collaboration, and hands-on learning. Through mentorship, hands-on projects, and exposure to emerging technologies, we aim to nurture your talents and shape you into leaders who will drive future advancements. Remember, your passion and dedication will be the keys to unlocking the true potential of your education. I look forward to seeing the remarkable strides you will make in the years to come.

Best Wishes

— Prof. Suresh Babu Mudunuri

Placement Milestones

Trailblazing Success

In the current academic year, 1019 final-year students secured job placements through campus recruitment drives conducted by 18 prominent companies. Sri SRK Nishant Varma, the Secretary cum Correspondent, congratulated the students on their success during a special ceremony held on 12th of December. Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, mentioned that major companies such as TCS, Infosys, Cognizant, Tech Mahindra, Bosch Motors, Akrive HCM, Amazon, and Josh Technology participated in the campus placements. Sri SV Ranga Raju, Vice President, and the Dean of Training and Placement Cell, Dr. K. Satyanarayana, also attended the event.

Iperak Mining India Scholarships

Iperak Mining India Pvt. Ltd. has awarded scholarships of Rs. 25,000 each to 10 third-year engineering students from SRKR Engineering College. The scholarship cheques were handed over to the students by Sri SRK Nishant Varma, Secretary cum Correspondent on 9th of December. The scholarships are part of Iperak Mining's initiative to support students from rural, socio-economically disadvantaged backgrounds, promoting their educational progress. Expressing gratitude to the company for their generous contribution, Sri SRK Nishant Varma highlighted that such scholarships serve as encouragement for students to strive for higher academic achievements. Dr. M. Jagapati Raju, the Director along with Dr. K.V. Murali Krishnam Raju, the Principal and Dr. K.R. Satyanarayana, Dean of T&P Cell commended Iperak Mining's consistent efforts in supporting the students' educational aspirations. They also appreciated the company's initiative of offering job opportunities to select students each year, a gesture that further motivates students to excel. This ongoing scholarship program, titled Iperak Scholarship Award Program-2024, aims to encourage academic excellence and provide financial assistance to students, ensuring they continue their studies without financial constraints.

HACKATHON - HECOVERFLOW 2K24

The SRKR Coding Club organized "Hackathon - HECoverFlow 2k24," a 24-hour continuous coding competition inaugurated on October 18 by Principal Dr. K.V. Murali Krishnam Raju, who highlighted the importance of teamwork and idea-sharing for innovative solutions. Convenor Mr. K. David Raju announced that 209 students formed 60 teams to tackle challenges in agriculture, women's and child welfare, and healthcare. The event saw active participation from faculty members, including Dr. V. Chandrashekhar, Dr. K. Sathyanarayana, and Dr. P. Ravikiran Varma.

Meritorious Moments

IEI Engineering Excellence Award-2024

Dr. K.V. Muralikrishnam Raju, the Principal, announced that the college received the prestigious IIE Engineering Excellence Award 2024 from the Institution of Engineers (India) during a special event in Kolkata. Speaking on December 23, Dr. Raju highlighted that the award recognizes the institution's outstanding performance. Dr. M. Jagapati Raju, the Director, expressed pride in the achievement, crediting the dedication of faculty, heads, deans, and management. He also acknowledged the active participation of the college's IIE faculty and student chapters, emphasizing SRKREC's commitment to educational excellence.

AWS Educator Excellence Award

Dr. P. Ravi Kiran Varma, Head of the Dept. IT, was honored with the Amazon Web Services (AWS) Educator Excellence Award on 17th October. The award was announced by Dr. K.V. Muralikrishnam Raju, the Principal. Dr. Varma also received the Best Center of Excellence Coordinator Award. Dr. M. Jagapati Raju, the Director, highlighted SRKREC's recent recognition as 33rd nationally by AICTE in their EduSkills Internship program and inclusion in the World Book of Records. Sri S.R.K. Nishant Varma, Secretary and Correspondent, congratulated the faculty for their collective effort in achieving these accolades.

Second Place Winners at National ATV Championship

In the National ATV Design and Racing Championship held in Bhopal, Madhya Pradesh, SRKREC Engineering College's Mechanical Engineering students secured second place. The event was organized by ISSE Motorsports under the banner of Formula Off-Road Mini Baja (FAMBI) – 2024, which took place from September 27 to October 1, featuring competitions in various categories. The SRKREC students participated under the team name "Godavari" and achieved notable successes in the competition. The Management congratulated the students for their excellent performance in this prestigious national event.

Harvard Conference Participation

Mr. Sridhar Shyam, a third-year AIDS student at SRKREC, has been selected to participate in a prestigious 3-day International Conference at Harvard College, Cambridge, USA, on February 7, 2025. Sri S.R.K. Nishant Varma, the Secretary cum Correspondent, Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, congratulated him and pledged full support for his achievement. The conference, organized by HPAIR, focuses on the theme "Generational Transition: Passing the Torch, Paving the Way," addressing the challenges and opportunities of generational change. Mr. Sridhar expressed gratitude to SRKREC for their encouragement in this remarkable endeavor.

SRKR Toastmasters

District 126 Awards

The SRKR Toastmasters Club has won several prestigious awards in the District 126 competition, as announced by Dr. K.V. Murali Krishnam Raju, the Principal. The awards were presented during a ceremony on 10th of October where the students were congratulated by Sri SRK Nishant Varma, Secretary cum Correspondent of the college. At the District 126 competition held in Hyderabad in May, the club won multiple awards, including the Division Pinnacle Award, Division Retention Camps Award, District Epic Award, District Retention Excellence, and District Golden Club Award. Additionally, club members Kumar Varma and Konda Reddy received the PR Maestro Award for outstanding public relations work, while S. Sai Pavan and M. Hareesh were honored with the Financial Leadership Excellence Award for their exceptional contributions to financial management. The students were also congratulated by Dr. M. Jagapati Raju, the Director, and Dr. Bh.V. N. Lakshmi, Head of the Dept. of English & Foreign Languages, for their remarkable achievements.

SRKR Orator Championship

Sri SRK Nishant Varma, the Secretary cum Correspondent, emphasized the importance of mastering communication skills, particularly proficiency in the English language, for ensuring a successful future for engineering students. He made these remarks during the SRKR Orator Championship event organized by the Toastmasters Club of the college on 8th of November. Speaking at the event, Nishant Varma highlighted the college's commitment to enhancing students' English language proficiency from the very first year, along with providing training in soft skills through various departmental initiatives. He mentioned that these skills are crucial for the students' overall development and career prospects. During the SRKR Orator Championship, the first prize was awarded to P. Kumar Varma, a third-year student from the AIDS department, along with a cash prize of Rs. 5,000. The second prize went to C.H. Lalitha, a second-year IT student, who received Rs. 3,000 as a cash reward. The third prize was awarded to G. Kavya, a third-year CSE student, along with Rs. 2,000 in cash. The event, which was organized by the SRKR Toastmasters Club and Language Nest, was presided over by Dr. Bh.V. N. Lakshmi, Head Dept. of English and Foreign Languages. Dr. Bh. Ramakrishna Raju, Incharge Principal, also attended the event, acknowledging the role of language and communication in shaping the students' academic and professional futures.

Academic Milestones

Dept. of CE

Dr. G. Shasikala, Asst. Professor in the Dept. of Civil Engineering, received her doctoral degree from Andhra University. She conducted her research on **Investigation of Strength and Elastic Properties of Hypo Sludge and Copper Coated Meco Seal Paper Reinforced Concrete with Different Cements** under the supervision of Prof. N. Adishesu, Andhra University. Her research contributes to improving the durability of concrete. On 5th October Sri S. R. K. Nishant Varma, Secretary cum Correspondent, congratulated and felicitated Dr. Shasikala in the presence of Dr. M. Jagapati Raju, the Director, Dr. K. V. Murali Krishnam Raju, the Principal, Prof. A. S. V. Prasad, and Dr. G. Sribala, Head of the Dept. of Civil Engineering. Dr. Shasikala expressed her gratitude to the management, academic and administrative leaders of the institution, and the Dept. of Civil Engineering for their support throughout her research journey. She also pledged to contribute to the institution's research and development endeavors.

Dept. of IT

Dr. Chigurupati Ravi Swaroop, Asst. Professor in the Dept. of CSE, has been awarded a Ph.D. in Information Technology from Annamalai University, Chidambaram, Tamil Nadu. On 10th October, Sri S. R. K. Nishant Varma, Secretary cum Correspondent, congratulated and felicitated Dr. Ravi Swaroop for his accomplishment in the presence of Dr. M. Jagapati Raju, the Director, Dr. K. V. Murali Krishnam Raju, the Principal, Dr. V. Chandrashekhar, Dean of Academics, and Dr. B. H. V. S. Ramakrishnam Raju, Head of the Dept. of CSE. Dr. Ravi's research, titled **Hybrid Optimized Neural Network-Based Innovative Adversarial Network Outlier Prediction and Sequential Data Analysis**, supervised by Dr. K. Raja, aimed to enhance the accuracy and reliability of data-driven decision-making across various domains by developing an advanced adversarial network. It also explored the application of prototype machine learning models for efficient system analysis.

Dept. of EM&H

Dr. D. Sridevi, Asst. Professor in the Dept. of EM&H, has been awarded a Ph.D. in Mathematics from KL Deemed to be University. On November 15th, Sri S. R. K. Nishant Varma, Secretary cum Correspondent, felicitated Dr. Sridevi in the presence of Dr. M. Jagapati Raju, the Director, Dr. B. H. V. S. Ramakrishnam Raju, In-charge Principal, and Dr. D. Venkatapati Raju, Head of the Dept. of EM&H. Dr. Sridevi conducted her research on **Some Problems on MHD Convective Flows Through Porous Media** under the supervision of Prof. Ch. V. Ramana Murthy, KL University. She expressed her heartfelt gratitude to the management and academic leaders of the institution for their unwavering support and encouragement and thanked the Department of EM&H for their assistance throughout her research journey.

Dept. of Physics

Dr. Rameja Begum, Asst. Professor in the Dept. of Engineering Physics, has been awarded a Ph.D. in Physics by Andhra University. On November 14th, Sri S. R. K. Nishant Varma, the Secretary cum Correspondent, felicitated Dr. Rameja Begum in the presence of Dr. M. Jagapati Raju, the Director, Dr. K. V. Murali Krishnam Raju, the Principal, and Dr. M. V. Someswara Rao, Head of the Dept. of Engineering Physics. Dr. Rameja Begum conducted her research on "Spectroscopic Characterization, Homo-Lumo, NLO, and Molecular Docking Analysis of Particular Polyatomic Compounds: A Study by DFT" under the guidance of Prof. Y. Ramakrishna, Head of the Dept. of Physics, AU, Visakhapatnam. She expressed her sincere gratitude to the management, academic leaders of the institution, and her department for their unwavering support throughout her research journey. Speaking on the occasion, Dr. M. V. Someswara Rao congratulated Dr. Rameja Begum and announced that JNTUK has recently approved a Research Center for the Dept. of Engineering Physics, which will greatly benefit ongoing research initiatives.

SRKR ALUMNI

Alumni Insights Bridging Industry and Campus

On September 26, Ms. Sathyasundari, an SRKREC alumna and currently working as an HR in a leading software company, shared her inspiring journey with engineering students. Speaking at an inaugural event organized by the SRKREC "Google Developer Groups" team, she emphasized that with determination, hard work, and strong skills, students from any engineering discipline can reach the highest positions in their careers. The event was chaired by Ms. Ananya, Faculty Advisor of the Google Developer Group. Ms. Sathyasundari highlighted that being part of the Google Developer Group opened opportunities for participation in international seminars, workshops, and hackathons, helping her grow professionally. She also shared her experience of joining the Toastmasters International Club in her first year and achieving recognition in Bharatnatyam by entering the Guinness Book of Records. Reflecting on her success, Ms. Sathyasundari credited the support she received from SRKREC faculty, particularly Dr. M. Jagapati Raju, the Director, during her time in the Civil Engineering department. She emphasized that her involvement in various clubs helped her develop communication and technical skills, contributing to her career advancement. Dr. M. Jagapati Raju lauded Ms. Sathyasundari's achievements, mentioning that she brought national recognition to SRKREC by becoming a runner-up in the Toastmasters International AP Region, earning a national award. The event also saw the participation of Dr. K.V. Muralikrishnam Raju, the Principal, Dr. N. Gopala Krishna Murthy, Head of the Technology Center, Dr. M. Suresh Babu, Head of the Dept. of Computer Science and Design, and other dignitaries.

Celebrating Success: Felicitation of Award-Winning Alumnus

Mr. V. Appala Narasimha Raju, CEO and Director of SLV Group and an alumnus of the Dept. of Civil Engineering, received the Times Group Young Entrepreneur in Real Estate Award. A felicitation program was held on September 12, where he was honored by Sri S.V. Rangaraju, Vice President, Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal. Dr. Jagapati Raju praised Mr. Appalaraju's success in the real estate industry and his ongoing connection with SRKREC, highlighting the bright prospects for Civil Engineering students and the institution's role in fostering innovation and leadership.

Silver Jubilee CSE Alumni Reunion

The 25-year journey of the 1995-1999 Computer Science and Engineering (CSE) batch of SRKREC was celebrated with grandeur on 27th December, showcasing the enduring bond between the institution and its alumni. This milestone event brings together alumni traveling from across the globe to participate, to reconnect, share their journeys, and relive the vibrant days of their alma mater. The reunion is not just a celebration of the past but also an inspiration for the future, fostering collaboration and strengthening the legacy of excellence. Dr. G. Parthasarathi Varma, Vice-Chancellor of KL Deemed to be University, attended the event and highlighted that the success of alumni is a true measure of a college's growth and prestige. Addressing the gathering, Dr. G. Parthasarathi Varma encouraged students to continuously hone their skills, stressing that expertise and adaptability are key to a promising future. His message resonated deeply, inspiring both alumni and current students. The program was organized under the guidance of Dr. B.H.V.S. Rama Krishnam Raju, Head of the Dept. of CSE. Alumni expressed their appreciation for their mentors and the institution by honoring the faculty during the event. This act of gratitude exemplified the strong ties nurtured over the years between SRKREC and its former students.

Women Empowerment Cell Activities

Awareness Program on Human Values and Ethics

Dr. M. Jagapati Raju, the Director, emphasized that students who cultivate good thoughts and moral values from an early stage are destined for success. Speaking at an awareness program on "Human Values and Ethics" organized by the Dept. of Civil Engineering and the Women Empowerment Cell in collaboration with the District Parishad High School, he encouraged students to set noble goals and work diligently to achieve them. He highlighted that individuals from underprivileged rural backgrounds, such as scientists, engineers, and civil servants, have risen to prominence through discipline and values. Dr. S.K.V.S.T. Kumar, Professor of Civil Engineering, inspired the students with examples from Dr. Abdul Kalam's life. The event was presided over by Dr. G. Shashikala and attended by the school's Headmistress Mrs. V. Anuradha, Smt. G. Sri Sathya, Sri Chintapalli Prasad, and other distinguished guests. The session focused on instilling ethical values and promoting discipline among students to help them grow into responsible individuals.

Workshop on Health and Nutrition for Young Women

Dr. R. Jagadeeshwari, a renowned gynecologist, emphasized the importance of good health in pursuing higher education and securing rewarding careers at the 'Health and Nutrition for Young Women' workshop, organized by the Women Empowerment Cell of SRKREC on September 28. The event, led by Dr. P. Bhavaneshwari, Coordinator of WEC, focused on maintaining optimal health through healthy lifestyle habits and addressing common health issues. Dr. Jagadeeshwari advised students to seek prompt treatment for symptoms and take preventive measures to ensure their well-being. Dr. K.V. Murali Krishnam Raju, the Principal, highlighted the health precautions for women students living in hostels and encouraged them to take advantage of special health programs with female doctors. The workshop also included an awards ceremony for students who excelled in various competitions, underscoring the importance of health in achieving academic and professional success.

Self-Defense Training for Women Students

SRKR WEC, in collaboration with the Department of Physical Education, organized a 40-day self-defense training program for female students residing in the SRKR Women's Hostel on 18th November. Sri SV Ranga Raju, Vice President of SRKR Engineering College, emphasized the importance of self-defense training for women to build self-confidence and enable them to protect themselves. Dr. K.V. Murali Krishnam Raju, the Principal, highlighted the significance of such initiatives in building confidence, particularly for female students who may face challenging situations in their future studies. Karate trainer Sri B. Ramesh and Sri SV Venkat, along with Dr. P. Satyanarayana Raju, Director of Physical Education, Dr. K. Kishore Raju, and Dr. P. Bhavaneshwari, coordinator of WEC, participated in the event.

Civil Services Awareness Workshop

The Department of English and Foreign Languages, in collaboration with the Women Empowerment Cell and Narayana Civil Services, organized the "Navigator - Civil Services Awareness Workshop" on 28th December. The workshop aimed to provide students with insights into the Civil Services examination process and career opportunities. Sri Satish Kumar, Principal, and Sri Surya Prakash, Vice Principal, Narayana IAS Academy, Vijayawada, shared valuable tips on preparation, syllabus, and time management. The event, attended by faculty and students, emphasized perseverance and dedication in achieving success in Civil Services, reinforcing the college's commitment to career development.

SRKREC MoUs

School of Languages

SRKR Engineering College (SRKREC), Bhimavaram, has entered into a Memorandum of Understanding (MoU) with the Hyderabad-based Skool of Languages. The agreement was formally exchanged between Dr. K.V. Murali Krishnam Raju, the Principal of SRKREC, and Sri D. Saibaba, Managing Director of the Skool of Languages, on 9th September. As part of this collaboration, first-year students at SRKREC will receive Spanish language training. This initiative is aimed at expanding students' competencies, enhancing their global competitiveness, and opening up diverse career opportunities through the acquisition of a new language. The program underscores SRKREC's commitment to equipping its students with skills that align with global standards, fostering both personal and professional growth. Prof. Bh.V.N. Lakshmi, Head Dept. of English and Foreign Languages, along with other dignitaries, participated in the event.

Wadhwani Foundation

Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, highlighted the increasing importance of innovations and internships for students in the new educational system. They were speaking at the signing ceremony of an MoU with the Wadhwani Foundation on 24th of October, aimed at fostering student innovation and facilitating internships. During the event, the MoU documents were exchanged between Dr. M. Jagapati Raju and the Foundation representative, Ms.

Vishnu Priya. The Director and the Principal emphasized that the college's Technology Center and Idea Lab are playing a vital role in supporting new student innovations. Dr. M. Suresh Babu, Head of the Computer Science Department and MoU Coordinator, mentioned that approximately 200 students from the Computer Science, IT, and other departments, as well as several faculty members, would receive training through this collaboration. The event was also attended by N. Gopalakrishna Murthy, Head of the Technology Center, and N. Shivakishan, Asst. Professor, from the WET Center.

NASCOM Foundation

SRKREC has signed MoU with NASCOM Foundation to provide technical support in transforming students' innovative ideas into startups on 21st of November. The agreement documents were exchanged by Albert Dylan Corria, Innovation Manager of NASCOM Foundation, and Dr. B.H.V.S. Ramakrishna Raju, In-charge Principal, SRKREC. Speaking on the occasion, Dr. M. Jagapati Raju, the Director, emphasized that the MoU with NASCOM Foundation will foster creativity among students and help bring research-oriented ideas to life. He stated that this collaboration would significantly assist students in establishing startups and provide valuable guidance for participation in events like Hackathons. He also highlighted the importance of startups in the new education system and assured that the college management would provide necessary infrastructure and resources to support students in their entrepreneurial ventures. The event was attended by Dr. V. Chandrashekar, Dean of Academics, Sri Ashok Reddy, Corporate Relations Manager, and other dignitaries from the college.

SRKREC MoUs

SRKR Engineering College has signed MoU with Northeastern University, USA, offering its students the opportunity to pursue higher education at some of the best institutions in the USA. The agreement was finalized on November 13 during a special event held in Mumbai. Dr. K.V. Murali Krishnam Raju, the Principal of SRKREC, announced this collaboration, which was concluded with Mr. Federico Ling, the Assistant Vice Chancellor for International Enrollment Management, and Mr. Vamsi Krishna Janga, the Assistant Director of Academic Partnerships for South Asia from Northeastern University, USA. Later, Dr. K.V. Murali Krishnam Raju and Prof. Lakshmi interacted with Joseph E. Aoun, President, and Mr. Satyajit Dattagupta, Executive Vice Chancellor and Chief Enrollment Management Officer, Northeastern University, USA, to reflect on various collaborative initiatives. Dr. Bh.V.N. Lakshmi, Head of the Dept. of English and Foreign Languages and Overseas Education Representative, explained that this MoU would allow SRKREC students to access reduced fees and scholarship opportunities when enrolling in affiliated colleges under Northeastern University. Sri S.R.K. Nishant Varma, the Secretary cum Correspondent, along with Dr. M. Jagapati Raju, the Director, highlighted the college's initiatives to support students aspiring to study abroad. They mentioned that SRKR Engineering College has already set up centers for exams like GRE, TOEFL, and IELTS, providing further opportunities for students to pursue higher education abroad. They urged students to make the most of these valuable opportunities.

GRE TOEFL Certificate of Authorisation

The college has been consistently giving coaching for GRE and TOEFL examinations keeping in view the higher education prospects of the students on the campus. The college has penned an MOU with ETS and established GRE TOEFL Authorised Test Centre on the campus. The interested candidates across the country including students from NITs and IITs are coming to give their GRE TOEFL Tests at our campus. In a span of 6 months as many as 37 students have given their GRE(25) and TOEFL(12) Tests on the campus. Both for GRE and TOEFL, regular online and offline training classes are being conducted by the department of English and Foreign Languages. Twenty-five (25) final-year students received training for the GRE, while fifteen (15) students were trained for the TOEFL Test. Appreciating the effective operation of the test center, ETS issued extension certificate of authorisation for the year 2025-26.

SRKREC SPECIAL DAYS

Teachers' Day Celebration

On Teacher's Day, Dr. M. Jagapati Raju, the Director, emphasized the joy of student achievements and the critical role of educators in shaping futures. The event, organized by CSE students, honored veteran educators, including Dr. M. Jagapati Raju and Dr. C. Nagababeswara Rao, Retd. Head of the Dept. of EM&H, for their exceptional contributions to engineering education. Dr. K.V. Murali Krishnam Raju, the Principal, acknowledged their inspirational teaching journey and legacy. The celebration began with a tribute to Dr. Sarvepalli Radhakrishnan and was attended by faculty, highlighting SRKREC's commitment to excellence in education.

Engineers' Day Celebration

Sri K. Balakrishna Murthy, Executive Engineer of the Polavaram Project, lauded the efforts of legendary engineers like Mokshagundam Visvesvaraya and Sir Arthur Cotton, who built monumental projects with limited resources, making India self-sufficient in food production. SRKREC commemorated Visvesvaraya's birth anniversary on Engineers Day, 13th September, with an event organized by the Civil Engineering Department, in association with the Institution of Engineers (India) Bhimavaram Local Chapter and IEI Students' Section. Sri Murthy highlighted the Polavaram Project's impact, stating that it will provide 80 TMC of water during Kharif season, a significant improvement over the current 3 TMC. Dr. M. Jagapati Raju, Director of SRKREC, urged civil engineers to embrace technologies like AI to advance infrastructure development. Dr. K.V. Murali Krishnam Raju, the Principal, commended the students for their contributions to irrigation projects. The event concluded with a felicitation of Sri K. Balakrishna Murthy for his exceptional contributions to engineering.

A.S. Rao's 110th Birth Anniversary Celebration

On 21st September, SRKREC celebrated 110th birth anniversary of renowned electronics scientist and founder of ECIL, A.S. Rao. Speaking on this occasion Sri Kanumuri Raghurama Krishna Raju, Undi MLA, emphasized the fact that national progress depends on the advancement of education. He paid tribute to A.S. Rao by garlanding his statue and inaugurated a new sports ground at Moggallu Zilla Parishad High School, funded by SRKREC with 5 lakh. The MLA outlined plans to develop sports facilities and infrastructure in 50 schools across his constituency, including providing benches for 2,000 students. He encouraged students to aspire to become scientists, citing A.S. Rao as an inspiration. Sri S.S. Pratik Varma, the Governing Body member, SRKREC Association, commended the MLA's efforts in school development and assured continued support. The event was attended by Dr. M. Jagapati Raju, the Director, SRKREC, and other dignitaries.

NSS Activities

Mahatma Gandhi's 156th Birth Anniversary celebration

On 2nd October, SRKREC's NSS department organized a special program to mark the 156th birth anniversary of Mahatma Gandhi. Dr. P.C. Khaja, Senior IPS Officer and Chairman of the Andhra Pradesh Gandhi Memorial Trust, emphasized the responsibility of students in preserving Gandhian principles for future generations. He urged students to follow Gandhi's ideals of selflessness and social service. Dr. K.V. Murali Krishnam Raju, the Principal, encouraged students to draw inspiration from freedom fighters who sacrificed for the country. Retired District Educational Officer Mr. Indukuri Prasad Raju recommended visiting the Gandhi memorial for a deeper understanding of his contributions. The event was attended by several dignitaries, including Dr. Narasimha Raju, Dr. Jhansi Lakshmi, and Mr. Y. Ramachandra Rao.

Constitution Day celebration

The significance of India's Constitution was highlighted during the Constitution Day celebrations at SRKR Engineering College on 26th of November. Dr. K.T. Rahul Kumar Reddy emphasized the importance of understanding the greatness and uniqueness of the Indian Constitution. The event, held on Tuesday, saw the participation of students who gathered at the college auditorium to observe the occasion. Dr. Rahul Kumar Reddy spoke about the role of students in shaping the future of the nation by understanding and upholding constitutional values. The ceremony commenced with a floral tribute to the statue of Dr. B.R. Ambedkar, followed by a pledge led by the students. The Andhra Pradesh SC Welfare Association, Bhimavaram Branch, and the Dalit Unity Forum of the town also participated in the event.

Cleanliness and High Service Program

On 19th Sept., SRKR NSS unit organized the Cleanliness and High Service Program to raise awareness about pollution. Dr. M. Jagapati Raju, the Director, stressed the importance of large-scale waste-to-energy systems in combating pollution. He emphasized that both government and private sectors should treat waste-to-energy conversion as a major initiative to reduce pollution. Dr. K.V. Murali Krishnam Raju, the Principal, urged students to actively work towards preventing plastic pollution. The event featured a rally within the campus, and discussions led by Dr. R. Krishna Chaitanya, NSS Coordinator, and faculty members, including Mr. N.P.S. Acharyulu and Mr. C.H.J.N. Pavan Kumar.

NSS Day Celebrations

On 24th Sept., SRKR NSS unit celebrated NSS Day with a focus on environmental protection, tree plantation, and plastic waste management. Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, encouraged NSS volunteers to actively contribute to societal progress by promoting environmental awareness. Activities like tree plantation and plastic waste removal were organized under the guidance of Dr. R. Krishna Chaitanya, NSS Coordinator, and Mr. K.N.V. Sathyanarayana, Asst. Coordinator. NSS volunteers also promoted eco-friendly

Ganesh idols. The event concluded with the presentation of awards to the Best NSS Volunteers for their outstanding contributions to environmental initiatives.

College & Community Connect

SRKREC Flood Relief Efforts

On 14th September, Sri Sagi Prasada Raju, Chairman of SRKREC, along with Sri SRK Nishant Varma, Secretary and Correspondent, and Sri Sagi Satya Prateek Varma, handed over a 25 lakh cheque to Andhra Pradesh Chief Minister Sri Nara Chandrababu Naidu to support flood victims in Vijayawada. The donation, a collective effort from SRKREC management and staff, highlights the institution's proactive role in relief activities, including the dispatch of over 10,000 food packets. This gesture reflects SRKREC's commitment to social responsibility and community welfare, setting an example of compassion and solidarity.

Food Packets Distribution to Flood Victims

In a commendable humanitarian effort, SRKR Engineering College management dispatched 5,000 food packets to aid people affected by the unexpected floods in and around Vijayawada. Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishna Raju, the Principal, shared these details during a press briefing on 4th of September. Emphasizing the institution's commitment to community service, they highlighted that SRKREC has consistently taken the lead in initiating various social service activities. The active participation of students in these endeavors was noted as a significant contribution, reflecting the institution's values of compassion and responsibility. Additionally, they mentioned that SRKREC has recently undertaken several welfare programs in Mogallu and China Amiram villages, including initiatives conducted at the Zilla Parishad High School under its guidance. This noble gesture by the college reinforces its dedication to addressing social challenges and promoting a culture of empathy and collaboration.

Pragya Technical Fair Inspires Rural Students

Dr. K.V. Muralikrishnam Raju, Principal of SRKREC, emphasized the role of national-level innovations in advancing rural students' knowledge at the Pragya Technical Fair on November 4th. Held at District Panchayat Oriental High School in Vempa village, Bhimavaram Rural Mandal, the event was organized by the college's mechanical engineering students. Dr. Muralikrishnam Raju, an alumnus of the school, shared how his education there contributed to his success and the recent achievements of SRKR students, including winning second place in a national vehicle design competition in Bhopal. The fair showcased innovative student projects, including the award-winning vehicle, which inspired students to think creatively. The school's Headmaster, Sri Nadinpalli Surya Bhagwan Raju, expressed the value of such displays in motivating students. The event concluded with the felicitation of Dr. Murali Krishnam Raju.

Imparting Significance of Mathematics

Prof. G.N.V. Kishore, Dept. of Mathematics SRKEC, emphasized the importance of mastering mathematics for students to achieve progress in any field. He made these remarks during the celebration of the birthday of the renowned mathematician Srinivasa Ramanujan, organized by the Higher Bharat Abhiyan (UBA) Cell of SRKREC at the Higher Secondary School in Kallakuru, Kalla Mandal. The event was conducted under the joint efforts of SRKREC, the UBA Cell, and featured the presence of several key figures. Mr. R. Ramakrishna, Headmaster, Dr. K. M. Ganesh, UBA Coordinator, Dr. G.N.V. Kishore, Professor, Dept. of Mathematics and UBA Village Coordinator Dr. G. Suribabu were present at the event. During the event, the life and contributions of Srinivasa Ramanujan were highlighted, along with the significance of mathematics in daily life. A mathematics competition was also conducted for the students, and prizes were awarded to the winners.

College & Community Connect

Health & Hygiene

The women faculty of the Dept. of CSE emphasized the importance of hygiene and cleanliness for physical and mental well-being during a seminar on menstrual hygiene. Organized by the Women Empowerment Cells of the CSE and AIML Departments, the event was held on 12th September at Jhansi Lakshmi Bai Municipal High School, Bhimavaram, for 9th-grade girls. Led by Dr. G.N.V.G. Sirisha, Head of AIML, and featuring a keynote by Ms. V. Anjani Kranthi, the seminar provided practical guidance on personal hygiene and health safety. The collaborative effort, supported by Headmaster Sri Srinivasa Rao and Assoc. Prof. D. Hemalatha, highlighted the institution's commitment to empowering young minds through education and awareness.

Mission Saahasi

The Akhil Bharatiya Vidyarthi Parishad (ABVP), in collaboration with the SRKR Women Empowerment Cell, organized the event "Mission Saahasi" at SRKREC on 17th December. Speaking on the occasion, Sri P. Ramamjaneyulu (Anjibabu), Bhimavaram MLA, urged female students to overcome their fears and strive for success in any field. He encouraged them to have confidence in their potential. The event, focused on empowering high school girls, was chaired by ABVP District President Sri Jwala Srinivasa. In his address, Anjibabu drew inspiration from Indira Gandhi, highlighting her global recognition for courage and determination. He noted that many women today excel as Chief Ministers and Ministers, emphasizing that empowered women can achieve more than men in various fields. Sri SRK Nishant Varma, Secretary cum Correspondent of SRKREC, urged students to seize opportunities provided by renowned software companies visiting rural colleges, emphasizing the importance of building a strong foundation. Dr. M. Jagapati Raju, the Director, highlighted the achievements of women, particularly in the software industry, and cited Jhansi Lakshmi Bai as a role model for modern women. Smt. Swati Devi, a VHP leader, Sri Chinnamilli Shiv Manjush, Dr. P. Bhavaneshwari, Sri G. Sai Sugreev, and other notable leaders also participated in the event.

Engineering Physics Research Center

The newly sanctioned Engineering Physics Research Center, granted by JNTUK, was inaugurated on 11th of November by Sri SRK Nishant Varma, the Secretary cum Correspondent. During the event, Dr. K.V. Murali Krishnam Raju, the Principal, shared that a team of experts from JNTUK recently visited the campus and conducted a thorough evaluation before granting approval for the establishment of the research center. He emphasized the importance of this center in enhancing the research capabilities at the college. Dr. M.V. Someswara Rao, Head of Engineering Physics, highlighted how the center will serve as a valuable resource for researchers and foster academic innovation. Dr. M. Jagapathi Raju, the Director, added that several researchers have already benefited from the research facilities, with many successfully completing their Ph.D. programs. The event was attended by Deans, Heads, as well as senior professors and faculty members.

CENTER FOR SUSTAINABLE ISLAND AQUA CULTURE

Dr. K.N. Sathyanarayana, Director of IIT Tirupati, emphasized the need for increased research in aqua culture to enhance its development, particularly as aqua culture continues to expand in the Godavari districts. He made this statement during the inauguration of the **Center for Sustainable Island Aqua Culture** research facility, established by the Dept. of Civil Engineering, on September 20. Speaking at the event, Dr. Sathyanarayana highlighted that coastal regions, which generate the highest income from aqua culture, are ideal locations for such research. He commended SRKREC for setting up a research center dedicated to aqua culture, strategically located in the coastal region of Bhimavaram. Dr. M. Jagapathi Raju, the Director, and Sri Sagi Pratik Varma, Member, GB, expressed their pride in the college's achievements in water quality research in collaboration with European countries and IITs across India. The research center, led by Dr. Vamsi Nagaraju, aims to address issues faced by local farmers by conducting in-depth studies and organizing farmer seminars, where they will receive technical advice and solutions. The event was also attended by Dr. A.C.S.V.Prasad, Head of the Civil Engineering Department, and other distinguished guests.

Raising Curtain

Center of Excellence for the Bharat Blockchain Network

There is a significant shortage of experts in Blockchain technology in the country, stated Mr. Edavalli Sunil Subrahmanyam, Strategy Partnership Head at Information Data Systems (IDS). He was speaking at the inauguration of the newly established Center of Excellence for the Bharat Blockchain Network Center at SRKREC on 29th of October. Mr. Sunil Subrahmanyam explained that Blockchain technology has applications in various fields such as healthcare, banking, and corporate finance, offering transparency, clarity, and the ability to recheck and review records. He further mentioned that in the next two years, there will be a significant increase in opportunities for experts in this field. The event was attended by Dr. M. Jagapati Raju, the Director, Dr. K.V. Murali Krishnam Raju, the Principal, Inotech Founder and CEO Mr. B. Malles, CICS Program Coordinator Mr. K.V. Krishnam Raju, and Mr. B.H.V.S. Ramakrishna Raju, among other dignitaries.

Software Development Center

Sri SRK Nishant Varma, the Secretary cum Correspondent emphasized the importance of students establishing startups during their academic years to generate income while continuing their education. On 13th of November, he inaugurated the Software Development Center at the college and shared his views with students. He highlighted that the college has successfully established six startups, allowing students to earn while gaining valuable experience. He encouraged other students to take note of this opportunity. Over the past two years, more than 30 students from CSE department have engaged in various software startups and remote internships, which he commended. Sri Nishant Varma further suggested that the Software Development Center, primarily set up for CSE and IT students, should be utilized by students from other departments as well. Dr. M. Jagapathi Raju, the Director, mentioned that the center will not only aid in software development but will also foster a startup culture among the students. The event was attended by Dr. B.H.V.S. Ramakrishna Raju, In-Charge Principal, Dr. M. Suresh, Head of the Dept. of CSE, Dr. N. Gopalakrishna Murthy, Head of the Technology Center, and Dr. T. Vamsi Nag Raju, R&D Dean.

Knowledge Sharing

Workshops, Faculty Development Programs, and seminars are essential platforms for learning, collaboration, and professional growth. These events bring together experts, educators, and participants to explore emerging trends, exchange ideas, and enhance skills across various disciplines. Workshops emphasize hands-on learning and practical application, while FDPs focus on equipping educators with innovative teaching methodologies and research techniques to keep pace with evolving academic and industrial demands. Seminars, on the other hand, offer a forum for intellectual discourse, fostering deeper insights and encouraging constructive dialogue on contemporary issues. Together, these initiatives play a pivotal role in cultivating knowledge, innovation, and excellence.

Guest lecture on VLSI Design Challenges

The Dept. of ECE in collaboration with the Center of Excellence in VLSI Design, organized a guest lecture titled "Physical Design Challenges as We Move into Angstroms" on October 18, 2024. Mr. Jami Balaji Rao, SOC Designer at INTEL Technologies Pvt. Ltd., shared insights into VLSI design challenges as technology advances to angstrom-level scales. The lecture, coordinated by Mr. T.V. Syamala Raju and Mr. A.V.S. Surya Varma, attracted 175 participants, providing them with valuable information on career opportunities and skills in the VLSI industry.

Guest Lecture on Embedded Systems

The Dept. of ECE organized a guest lecture titled "Embark on a Journey into Embedded Systems" on October 25, 2024. Mr. Vijay Veera, Founder and Tech Director of Vijay Embedded Hub & Micro Syslogic Technologies, delivered an insightful session on the growing demand for embedded systems professionals. The lecture, coordinated by Sri N. Kishore Chandra Dev and Dr. M. Satish Kumar, covered job roles, embedded system design, applications, and career opportunities in the field. The event saw active participation from 190 students and faculty, providing a deeper understanding of the embedded systems sector.

Guest lecture on Careers in VLSI

The Dept. of ECE organized a guest lecture titled "Careers in VLSI" on September 21, 2024. Ms. Botta Sireesha, Senior Project Engineer at Wipro Technologies, delivered the session, emphasizing the skills and knowledge required for a career in VLSI. Coordinated by Mr. Y.S.S. Sriramam and Mrs. S. Swathi, the lecture covered job opportunities and the growing demand for VLSI professionals. The session provided valuable insights on preparing for core job roles in VLSI and was attended by 51 students and faculty.

Guest Lecture on Career Opportunities in VLSI and Embedded Systems

The Dept. of ECE organized a guest lecture titled "Interactive Session on Career Opportunities in VLSI and Embedded Systems" on Nov. 26, 2024. Mr. Venkat Sunkara, an esteemed alumnus and Founder of ChipEdge Technologies Pvt Ltd, shared valuable insights into career opportunities in VLSI and Embedded Systems. The session, coordinated by Dr. K. Bala Sindhuri, was attended by 51 participants, including faculty and students. Dr. N. Udaya Kumar, Head of the Dept. of ECE, along with Dr. M. Jagapati Raju, the Director, and other faculty members, graced the event, which was well-received by all attendees.

Guest Lecture on Bridging Academia and Industry

On October 24, 2024, the Dept. of ECE organized a guest lecture titled "Insights on Paper Publications and Their Role in NIRF Ranking." Coordinated by Dr. K. Bala Sindhuri, the session was delivered by Dr. T. Vamsi Naga Raju, Dean of R&D. Dr. Naga Raju shared insights on the significance of quality research and paper publications in enhancing an institution's NIRF ranking. He outlined strategies to improve research outputs and emphasized their role in boosting academic reputation. The session provided actionable tips for faculty to strengthen SRKREC's research culture and position in the academic world. The session was attended by 45 ECE faculty members, who appreciated the valuable insights shared, reflecting SRKREC's commitment to academic excellence and research innovation.

KNOWLEDGE SHARING

Training on AWS Cloud and DevOps Technologies

Sri Aditya Sundar, a software expert, advised students on the importance of studying new technologies to secure future job opportunities during a 10-day training session on Amazon Web Services (AWS) Cloud and DevOps, organized by the Department of Computer Science Engineering on September 30. The event, launched by Dr. K.V. Murali Krishnam Raju, the Principal, and chaired by Prof. V. Chandrashekhar, Head of the Dept. of CSE, emphasized the need for students to stay updated with industry innovations. Sri Aditya stressed that proactive learning in emerging technologies is crucial for better job prospects. The session included insights from experts in the field, coordinated by faculty members from the department.

Expert talk on "Silicon Based Switching Devices"

The Dept. of ECE arranged an online guest lecture on "Silicon-Based Switching Devices" on November 23rd. Mr. T. Bhanu Chandar, Developer and Multi-Skill Trainer at Chaturvedi IT Solutions, Vijayawada, served as the resource person and provided invaluable information about Embedded Systems, software explanation, installation of the Arduino Board, and Arduino programming. He explained digital pins, inputs, Tinkercad account creation, and gave an overview of projects while covering advanced programming concepts. Dr. T. V. Hyma Lakshmi, IETE Faculty Advisor, and Mr. K. N. V. Satyanarayana, IETE Faculty Coordinator, Dept. of ECE, coordinated the program. Around 75 students actively participated and benefited from the session, which concluded with a Q&A session.

Inspiring Talk by ISRO Scientist

Dr. Murthi Remalli, a scientist from the Human Space Flight Group of ISRO, urged engineering students to join ISRO and contribute to the nation's progress. Addressing first-year B.Tech students at SRKR Engineering College on November 21, Dr. Remalli emphasized the importance of focusing on key research areas such as transportation, water resource management, disaster management, and telecommunications. He encouraged students to draw inspiration from ISRO's achievements, including Aryabhata, Chandrayaan, and Gaganyaan, and to prepare for future research to serve the nation. The event, presided over by Dr. M.V. Someswararao, Head of the Engineering Physics Department, was attended by faculty members and concluded with the felicitation of Dr. Remalli. Prof. Ramana Murthi, Dr. M.V. Someswararao, Dr. P. Bhavani, Head of the Department of Engineering Chemistry, Dr. Venu Reddy, Head of the Nano Technology Center, Dr. Divakar, Dr. Aparna, and other faculty members participated in the event.

International conference

The Department of CSE at SRKREC organized a 6-day online FDP on "Empowering Educators: Mastering GENAI Tools for Faculty Excellence" from December 9-14, 2024, sponsored by ATAL Academy. The program introduced faculty, researchers, and students to Generative AI and Prompt Engineering through practical, foundation-level training. Esteemed speakers included Sri Uma Desu, an SRKREC alumnus and Generative AI pioneer, along with experts from Avalara Tech, Dell Technologies, Infosys, IIIT Hyderabad, and more. The event, attended by 215 participants, was inaugurated and concluded in the presence of Sri S. R. K. Nishant Varma, Secretary cum Correspondent, and college leadership. Led by Dr. Bh. V. S. R. K. Raju, Head of CSE, and coordinated by Dr. N. K. Kameswara Rao and Dr. Shiva Shankar Reddy, the FDP successfully enhanced skills in emerging AI technologies.

Knowledge Sharing

International conference

The Dept. of Computer Science Engineering successfully hosted the three-day international conference "Algorithms in Advanced Artificial Intelligence (ICAAAI-2024)", which concluded on December 4. A poster announcing the event was released on October 9, inviting global participation. Dr. Jurina Mohd Hanavi from the University of Malaysia inaugurated the event, emphasizing AI's transformative role in innovation and research. With 113 research papers submitted, the conference highlighted AI's impact across various engineering sectors. Keynote addresses by experts, including Dr. N.S.S.N. Ushadevi, JNTUK, Kakinada, Dr. M. Jagapati Raju, the Director, and Dr. K.V. Muralikrishnam Raju, the Principal, SRKREC, explored AI's contributions to solving technical challenges and fostering interdisciplinary progress. Led by Dr. B.H.V.S. Ramakrishnam Raju, HOD, CSE, and Dr. V. Chandrashekar, Dean Academics, the event proceedings were published in the Taylor & Francis book series, advancing global collaboration in AI.

SDP on "SENSORS TO SOLUTIONS: Unlocking the power of IOT and RASPBERRY PI"

The Department of ECE organized a one-week Student Development Program on "SENSORS TO SOLUTIONS: Unlocking the Power of IoT and Raspberry Pi" from September 24–28, 2024. Led by Mrs. Bhanu Marchala, Consultant Faculty at ChipEdge, the program covered advanced Verilog HDL topics, including testbenches, modeling techniques, and control statements. Participants gained skills in designing, simulating, and verifying circuits, alongside insights into VLSI career opportunities. Coordinated by Mrs. K. L. Divya and Dr. V. Nagavalli, the program benefited 62 students.

FDP on Design Thinking and Innovation

Sri Harshikesh Patil, a social entrepreneur, highlighted the importance of design thinking in fostering innovation and enhancing research during a five-day FDP on "Design Thinking and Innovation" at SRKR Engineering College. Organized by the AICTE IDEA Lab, CSIT, and CSD Technology Center, the program began on December 16th, presided over by Dr. N. Gopalakrishnamurthy. Key speakers, including Dr. K.V. Muralikrishnam Raju, Dr. Prasad Raju, and Smt. Susmita Kannada, emphasized its role in inspiring creativity, improving teaching, and supporting student startups. Coordinated by Dr. Gopalakrishna Murthy, the program actively engaged faculty to nurture innovative ideas.

FDP on "RTL design and verification using Verilog"

The Dept. of ECE organized a two-week Faculty Development Program (FDP) on the theme "RTL Design and Verification Using Verilog" from 3rd to 13th December. Mrs. Bhanu Marchala, Consultant Faculty at ChipEdge, served as the resource person, providing valuable insights into advanced topics such as testbenches, modeling techniques, and control statements. The sessions equipped participants with essential skills for designing, simulating, and verifying combinational and sequential circuits. Approximately 25 faculty members from the Departments of ECE and EEE participated, enhancing their knowledge and expertise in the field. The program was successfully coordinated by Dr. K. L. Bala Sindhuri, Associate Professor, and Mrs. S. Swathi, Assistant Professor, from the Department of ECE.

Knowledge Sharing

SDP on "Digital design with DSCH Software"

To emphasize the importance of building a strong foundation in the principles and practical skills of digital VLSI design, the Department of ECE organized a three-day Student Development Program on "Digital Design with DSCH Software" from 15th to 17th October 2024. Mr. Ch. Sairam, Mr. U. Santhosh Kumar, and Mr. V.P.V.B. Datta, final-year ECE students, served as resource persons. They conducted sessions that integrated both theoretical concepts and hands-on aspects of VLSI design, covering topics such as combinational and sequential circuits, optimization techniques, and project-based learning. Approximately 53 students actively participated and gained valuable knowledge from the program. The event was successfully coordinated by Mrs. D. V. N. Bharathi and Mr. Y. S. S. Sriramam, Assit. Professors in the Dept. of ECE.

Technology and Design Thinking in Agriculture

Dr. M. Jagapati Raju, the Director, emphasized the transformative potential of technology in agriculture, particularly in horticulture, during the conclusion of the five-day teacher training program on "Design Thinking and Innovation" on December 21. Organized by the Technology Center and IDEA Lab, the program aimed to bridge innovative ideas with practical applications. Dr. Jagapati Raju showcased advancements in technology, such as mobile-operated motors for agricultural tasks. He also demonstrated sustainable farming techniques, including using fermented animal manure to eliminate pests and integrating papaya trees and vegetable crops for enhanced profits. Additionally, he introduced elastic stop plates to protect crops from pests, illustrating practical solutions for farmers. Dr. N. Gopalakrishna Murthy, Head of the Technology Center, highlighted the importance of implementing design thinking to drive societal progress. Dr. Jagapati Raju's pioneering work with Pusa Basmati rice was also commended as an inspiration for farmers. Dr. K.R. Satyanarayana, Dean of T&P, Dr. V. Chandrashekar, Dean of Academics, and other faculty actively participated.

Guest Lecture on Electronics in Air Traffic Control

On 14th Sept, the Dept. of ECE, in collaboration with the IETE Forum, hosted a guest lecture on the "Role of Electronics in Air Traffic Control (ATC)". Sri K. Rambabu, Joint General Manager (ATC) at the Airports Authority of India, Hyd, discussed the crucial role of electronics in enhancing air traffic management. He explained how advanced systems improve communication, surveillance, and navigation, ensuring safe and efficient aviation operations. The session was attended by 80 participants and included an interactive Q&A.

SDP on "Introduction to IoT"

The Dept. of ECE organized a five-day Student Development Program on "Introduction to the Internet of Things (IoT)" from September 10-14, 2024. Final-year students Mr. Ch. Sairam, Mr. G. Hemanth, Mr. U. Santhosh Kumar, and Mr. D. Sri Venkateswara Swamy shared practical insights into IoT concepts, applications, and technologies. Topics included sensors, Arduino Uno, IoT cloud platforms, and the ESP32 module. Coordinated by Mrs. K.L. Divya, Mr. B. Tapasvi, and Mr. K. Phani Varma, the program saw active participation from 63 students.

Knowledge Sharing

Guest Lecture on GATE Exam Guidance

An online guest lecture on "Guidance to the GATE Exam" was conducted via Google Meet, featuring two distinguished SRKREC alumni: Mr. Ankireddy Sai Praveen, GATE 2022 All India Rank 14 (EC) and 76 (IN), and Mr. K. Ravi Kiran, GATE 2023 All India Rank 52 (IN) and 221 (EC). Coordinated by Sri T. Nalini Prasad, Asst. Professor of ECE, the session was opened by Dr. N. Udaya Kumar, Head of the Dept. of ECE. The alumni shared insights on study planning, key topics, and recommended resources, stressing the importance of mock tests and further career exploration. The session ended with an interactive Q&A, with 100 participants, including students and faculty.

Informative Session on the Role of EC in Aviation

The Dept. of ECE, in collaboration with the Women Empowerment Cell, organized a session on the significant contributions of Electronics and Communication (EC) technologies in the aviation sector. Led by Sri K. Rambabu, Joint General Manager of Air Traffic Control, Airports Authority of India, Hyderabad, the session highlighted the multidisciplinary nature of aviation, including flight operations, aircraft design, air traffic management, and regulatory frameworks. Sri Rambabu emphasized the importance of EC advancements in flight safety, air traffic control, and communication technologies. The session, attended by 66 participants, provided valuable insights into the evolving role of EC in the aviation industry, preparing students for future careers in the field.

Guest Lecture on "Opportunities in ECE Stream"

The Dept. of ECE in collaboration with the SRKREC Alumni Association, organized a guest lecture on 13th September to explore career opportunities in the ECE field. Led by Sri K. Rambabu, Joint General Manager of Air Traffic Control at Airports Authority of India, Hyd. The lecture focused on the growing demand for skilled professionals in sectors like aviation, telecommunications, and electronics. Sri Rambabu emphasized the importance of staying updated with technological advancements and continuously learning to stay competitive in the job market. The session, attended by 102 participants, provided valuable insights into the evolving career landscape in the ECE stream.

Workshop on "Concept to Creation"

Prof. Ch. Subrahmanyam from IIT Hyderabad addressed first-year students during a workshop organized by the Dept. of Engineering Chemistry on 25th September. The event, presided over by Dr. P. Bhavani, emphasized the importance of interdisciplinary collaboration in research and integrating Artificial Intelligence into studies. Prof. Subrahmanyam encouraged internships for valuable experience, highlighting government stipends for IIT internships. Dr. M. Jagapati Raju the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, stressed the value of staying updated on trends and excelling in internships for better job prospects. Faculty members also motivated students to set clear academic goals for success.

Expert Talk on Analog Circuit Design

On October 10th, the Dept. of ECE organized an online expert talk on "Analog Circuit Design - What, Why & How." Sri Souri Subhakar Nadakuduru, AMS Engineer at Siemens EDA, Bengaluru, graced the event as the resource person and shared valuable insights on the topic. Around 50 students actively participated and engaged with the speaker during the session. The event was coordinated by Dr. T.V. Hyma Lakshmi, IETE Faculty Advisor, and Mr. K. N. V. Satyanarayana, IETE Faculty Co-Ordinator of the Department of ECE, ensuring its success.

Knowledge Sharing

SDP on "Introduction to Internet of Things"

From 7th to 9th November 2024, the Dept. of ECE conducted a three-day SDP on "Introduction to Internet of Things" (Batch-2). The program, coordinated by Dr. R. Krishna Chaitanya, Dr. P. Krishna Kanth Varma, and Mrs. D.V.N. Bharathi, aimed at providing students with practical IoT skills. Final-year students G. Hemanth, U. Santhosh Kumar, and D. Sri led the sessions, offering a peer-led learning experience. The program covered sensor functionalities, Arduino Uno board pin configuration, and IoT career opportunities. Participants engaged in hands-on activities, including the development of a smart home mini-project. A total of 68 students participated, receiving a balanced mix of theoretical and practical knowledge, which highlighted SRKREC's commitment to advancing technical expertise and fostering innovation.

Guest Lecture on "The Importance of Counselling and NEP 2020 Policies"

From September 17 to 19, 2024, the Dept. of ECE organized a guest lecture for first-year ECE students on "The Importance of Counselling and NEP 2020 Policies". Coordinated by Mrs. Buddaraju Revathi and Sri P. Kanaka Raju, the session was led by Dr. N. Udaya Kumar, Head of the Department of ECE, who also served as the resource person and counselor. Dr. Kumar emphasized the significance of mental health counselling in students' academic and personal lives, explaining how it helps manage stress and improve well-being. He also discussed the New Education Policy (NEP) 2020, outlining its impact on holistic development, interdisciplinary learning, and flexibility in higher education. The interactive session encouraged active student participation, with 68 students attending and engaging in meaningful discussions. This initiative highlights SRKREC's commitment to supporting mental well-being and preparing students to navigate educational reforms under NEP 2020.

Guest Lecture on Bridging Academia and Industry

On November 22, 2024, the Dept. of ECE organized a guest lecture titled "Significance and Role of Industrial Projects in Bridging Academia and Industry." The session, coordinated by Dr. K. Bala Sindhuri, featured Dr. Sujan Kasani, Product Development R&D Engineer at Intel Corporation, USA, and CEO of Silicon Infotech, USA, who is also an esteemed alumnus of ECE (2008-2012). Dr. Kasani emphasized the importance of academia-industry collaboration in fostering innovation and preparing students for the demands of the tech industry. The lecture, attended by 45 faculty members, inspired attendees to explore industrial projects as a platform for bridging the gap between academic knowledge and practical experience. The event highlighted SRKREC's commitment to enhancing education and professional growth.

Stimulations

Geetha Scholarship

On 6th September 2024, the Geetha Scholarship was awarded to three deserving students. Dr. K.V. Murali Krishnam Raju, the Principal, announced that each recipient would receive 25,000. The recipients were G.V.R. Sridevi 3rd year ECE, K. Bhanu 3rd year Civil Engineering, and N. Dhanalakshmi 2nd year Mechanical Engineering. Dr. M. Jagapati Raju, Director, reflected on the legacy of the late Geetha Raj, an English faculty member remembered for her nurturing approach. In her honor, the alumnae from the 1984-87 batches established a permanent fund, which funds this annual scholarship. The event was attended by Mr. M. Anil, Coordinator, SRKR Alumni Association.

ENCENDER-1

The IETE Student Forum of the Dept. of ECE organized ENCENDER-1 on the 3rd and 4th of October, aimed at igniting young minds with an overview of the significance of IETE. The student team from IETE provided valuable insights to all first-year students in the department. The event witnessed active participation from around 180 students. Dr. T. V. Hymalakshmi, Assoc. Professor, and Mr. K. N. V. Satyanarayana, Asst. Professor, Dept. of ECE, successfully coordinated the program.

ENCENDER-2

On October 23rd, the IETE Student Forum of the Dept. of ECE successfully hosted ENCENDER-2. The team delivered an informative presentation highlighting the importance of ECE in hardware to the first-year students. The event saw active participation from around 117 students who gained valuable insights. Dr. T. V. Hymalakshmi, Assoc. Professor, and Mr. K. N. V. Satyanarayana, Asst. Professor, Dept. of ECE, successfully coordinated the program, ensuring its success.

SpellBee Champion - 2024

Students from the CSD and CSIT departments organized an innovative online spelling contest using self-developed software to assess spelling skills. Held over a month, the contest featured three rounds, engaging over 1,000 participants on campus. Ten winners were awarded prizes worth Rs. 25,000, including smartwatches, VR headsets, and headphones. Tamma Jayaramaraju was crowned "SpellBee Champion 2024." The event was jointly organized by the CSD, CSIT, and English Departments, with prizes presented by Dr. M. Jagapati Raju, Director, in the presence of Dr. B.H.V.S. Ramakrishnam Raju, In-charge Principal, Dr. Gopala Krishna Murthy, Head of Idea Lab, Dr. Suresh Babu, CSD Program Coordinator; Dr. Bh.V.N. Lakshmi, Head, Dept. of English and Foreign Languages, and Mr. M. Sankar, Asst. Professor, Dept. of English.

Stimulations

Bhimavaram Digital: Empowering Local Businesses

Final-year CSD students launched a digital startup, Bhimavaram Digital, on October 4th. The initiative was inaugurated by Sri SRK Nishant Varma, the Secretary cum Correspondent, who also unveiled the official website. Founded by Mr. M. Prudhvi Varma, Mr. K. Sanju, and Mr. Ch. Ravi Kumar, the startup offers services such as digital advertising, website and app development, social media marketing, and digital content creation. Aiming to empower local businesses, their pilot project, in collaboration with Bombay Sweets Center, focuses on enhancing visibility and growth through digital platforms. Sri Nishant Varma, along with Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, praised the students' efforts in driving local digital transformation. Dr. N. Gopala Krishna Murthy and Dr. M. Suresh Babu encouraged students to develop more innovative ideas. The student founders expressed their enthusiasm for fostering digital growth within the community.

PMKVY Training Program

Mr. G. Narayana Raju, Managing Director of NRGX Solar Services, emphasized the importance of the Prime Minister's Skill Development Program (PMKVY) in improving youth employment opportunities through essential skill training. On December 21st, certificates were awarded to candidates who completed PMKVY training at the Dept. of CSE. The event was presided over by Dr. G. Mahesh, with Dr. K.V. Murali Krishnam Raju, the Principal, and Sri S.V. Ranga Raju, Vice President, encouraging youth to utilize free government training programs for better job prospects. Dr. Mahesh, the Program Coordinator, shared that 240 candidates were trained, with 200 taking the exam and 195 passing. Speakers emphasized that such programs enhance youth employability and contribute to national progress.

Nano Masters Certificates

SRKREC in collaboration with Indo-European Coordination and the Automotive Skill Development Council of India, is advancing cooperative programs with German universities. On October 5th, a virtual certification event was held to award certificates to students who completed short-term courses with German institutions. The event featured key figures including Sri SRK Nishant Varma, the Secretary cum Correspondent, SRKREC, Arindam Lahiri, Professor Dr. Ing. Bertram Lohmüller, Germany, Dr. N. Bangaraju, Raj Vangapandu, from IES, and Prof. Bh.V.N. Lakshmi, Dept. of English & Foreign Languages, SRKREC. Students received certificates for completing the AI Applications Nano Master's Course. The event also introduced initiatives like the German Excellence Initiative, Nano Master Program, I + I Master's Program, and semester study opportunities in Germany. SRKREC students are keen on these programs, aiming for higher education and job prospects in Germany.

Festive Moods

Vinayaka Nimarjana

SRKREC held a vibrant Ganesh immersion ceremony on 18th September, with thousands of students actively participating. The event featured 11 days of prayers and rituals, with the prasadam laddu auctioned for Rs. 27,000, won by the faculty of the Dept. of CSE. During the immersion procession, students performed traditional dances and fireworks while chanting "Jai Jai Jai Ganesha," before immersing Lord Ganesha in a nearby pond. Dr. M. Jagapati Raju, the Director, and Dr. K.V. Murali Krishnam Raju, the Principal, praised the students' devotion and enthusiasm, highlighting how the event fostered unity and cultural spirit. The support of the college management and the dedication of staff in conducting the rituals were also acknowledged. The event reflected SRKREC's commitment to promoting cultural and spiritual growth among its students.

Dasara

On the occasion of the Dasara festival, the Sri Kanakadurgamma Pooja was held on the 5th of October 2024 in the Dept. of ECE. The pooja was conducted in the traditional manner during the morning hours, followed by the distribution of Devi prasadam to all faculty members and students. The event was successfully organized under the leadership of Dr. N. Udaya Kumar, Head of the Dept. of ECE, with the valuable contributions of the faculty members. The pooja was completed with great devotion and happiness, marking a memorable celebration for all participants.

Karthika Deepotsavam

On the occasion of Karthika Somavara, SRKREC celebrated the beginning of the Karthika month with the traditional Karthika Deepotsavam, which is held every year on the first Monday of the month. The event was conducted with great fervor on 04th of November, marking the auspicious occasion with a vibrant celebration. During the deepotsavam, Sri SRK Nishant Varma, the Secretary cum Correspondent, Dr. K.V. Muralikrishnam Raju, the Principal, and the temple priests performed the prayers, lighting the lamps to inaugurate the Karthika Deepotsavam. The ceremony was graced by Dr. M. Jagapati Raju, the Director, along with faculty, staff, and a large number of students who participated enthusiastically.

Christmas

Christmas celebrations at SRKREC were held with great enthusiasm and festive spirit on December 13th, 2024. The event brought together students, faculty, and staff to commemorate the joyous occasion, fostering a sense of unity and togetherness. Dr. K. V. Murali Krishnam Raju, the Principal, graced the event as the Chief Guest and delivered an inspiring message on the importance of love, compassion, and harmony, which are the core values of the Christmas season. A highlight of the celebration was the ceremonial cake cutting by the Chief Guest, symbolizing joy and togetherness. The event also featured vibrant cultural performances, carol singing, and a beautifully decorated Christmas tree that added to the festive atmosphere. The program concluded with the exchange of greetings and the distribution of sweets, leaving everyone with cherished memories of a heartwarming celebration.

Sports & Games

Badminton Tournaments

Sri S.V. Ranga Raju, Vice President SRKREC, emphasized that athletes should showcase their talent at the national level to achieve excellent sports results. He made this statement during the inauguration of the JNTUK Inter-Collegiate Badminton Men and Women Central Zone Tournaments, held at the college on 19th of October. In his address as the chief guest, Sri S.V. Ranga Raju, along with Dr. K.V. Murali Krishnam Raju, the Principal encouraged students to excel not only in their studies but also in sports. Dr. P. Sathyanarayana Raju, Physical Director of the college, mentioned that 28 teams from the men's category and 15 teams from the women's category participated in the tournament. He also highlighted that this event would serve as a selection opportunity for the South Zone sports team..

Basketball Tournaments

The JNTUK Central Zone Men's and Women's Basketball Tournaments, hosted by SRKREC, concluded on October 27. In Men's Basketball, Swarna Andhra Engineering College won first place, followed by VIT College, Guntur, while SRKREC and KHEIT College shared third. In Women's Basketball, Aditya Engineering College secured first, SRKR Engineering College second, and St. Mary's Engineering College and QIP College tied for third. SRKREC clinched first in Men's Netball, with PVP Siddhartha College second, CR Reddy College third, and Vasavi College fourth. Trophies were awarded by Sri S.V. Ranga Raju, Dr. K.V. Murali Krishnam Raju, and Dr. Raju, with dignitaries and physical directors present.

Netball Competitions

SRKREC players were selected to represent JNTUK at the National Netball Inter-University Competition in Jaipur, announced Sri SRK Nishant Varma, the Secretary cum Correspondent, on 6th Nov. At the ceremony, Dr. K.V. Murali Krishnam Raju, the Principal, celebrated the college's double victory in the JNTUK Central Zone Netball competitions. The women's team included P.R. Vijay Sahitya, R. Akhila Srivalli, Devishree, and Chaitanya Lahari, while the men's team featured Joshi, Promod Kumar, Likitha Choudhary, and Teja Prabhash. The event also saw the presence of Dr. M. Jagapati Raju, the Director, Dr. Satyanarayana Raju, Dr. Hari Mohan and Ms. Sarika the Physical Directors.

BOOKS ARE BEING SIDELINED

There has been a significant decline in the number of book readers over the past few decades. The beneficial reading culture that was prevalent during the 19th and 20th centuries is now almost nonexistent. Mankind began reading around 3000 BCE, and people started regularly reading novels roughly between the 16th and 18th centuries. From this period, there was rapid growth in reading habits until the late 1970s. However, from the late 20th century, people have gradually stopped reading as much.

Reflecting on the reasons for this change, the primary factor to highlight is technology. With the advent of advanced technological devices and other visual media, the popularity of books and other physical reading materials has significantly declined. As humans, we naturally seek easier and more comfortable means of achieving our goals; consequently, many have shifted to simply viewing content rather than putting in the effort to read. This shift has led to numerous drawbacks. Reading books enhances and boosts our imagination, vocabulary, creativity, and writing abilities. In contrast, excessive exposure to televisions and mobile devices offers little benefit and often harms physical well-being, causing issues such as eye strain, altered brain activity, disrupted sleep patterns, and social isolation.

Similarly, this preference for passive viewing over reading diminishes opportunities to nurture imagination and creativity, which are inherently developed through reading.
