Department of Mechanical Engineering | Volume 04 | Issue 1 | Jul-Dec 25

Vision of the Department

Mechanical Engineering Department strives to be recognized globally for quality education, training and research leading to well-qualified engineers, who are innovative, entrepreneurial and successful in solving problems of society.

Mission of the Department

- Impart quality education to students to enhance their skills and make them globally competitive.
- Maintain a vital and state-of-the-art research to provide its students and faculty with opportunities to create, interpret, apply and disseminate knowledge. Prepare its
- graduates to pursue higher studies, serve the profession and meet intellectual, ethical and career challenges.

From HOD's Desk

Dr. K. Sita Rama Raju
Professor & Head

Welcome to the Department of Mechanical Engineering. The department is committed to equip our students with Industry 4.0 competencies, by aligning curriculum, laboratory experiences, and projects with emerging industry needs. Our vibrant student clubs provide ample opportunities to develop teamwork, leadership, and project management skills that complement classroom learning. Access to modern design and analysis software—CAD, FEA, CFD, and systems-design tools—creates endless possibilities for research, capstone projects, and enhanced employability for the next generation of engineers. Take advantage of our specialized labs and Centre of Excellence (CoE) in the areas of manufacturing, drones and mechatronics, thermal and fluid systems, materials and composites, additive manufacturing, automotive systems, and renewable energy—to develop domain expertise that recruiters value.

A prime focus is to encourage internships at premier research centres and industry partners so students gain hands-on exposure and real-world problem-solving experience, and to strengthen employer engagement and targeted training to achieve prominent placement outcomes. We guide every student to actively pursue internships, participate in clubs, professional societies and projects, and build a demonstrable portfolio of work; the faculty mentors and the administration are here to support you on this journey.

Department Events

The Department of Mechanical Engineering organized a GATE Aspiration programme on 17 September 2025 to motivate students to prepare for the GATE examination. The session provided guidance on exam preparation, career opportunities, and higher education prospects.

The Department of Mechanical Engineering organized a guest lecture on "Beyond Engineering: A Blueprint for Career Opportunities" on 18 December 2025. The session was delivered by Ms. Sruthi Manthena, Program Manager, ImmuneFi, and Founder, Forique, providing students with insights into diverse career opportunities beyond traditional engineering roles.

The Department of Mechanical Engineering organized Prajna on 23 October 2025 to encourage students to showcase their technical knowledge, creativity, and problem-solving skills through various academic and co-curricular activities..

Department Events

The Department of Mechanical Engineering organized a two-day workshop on "Pro Build" to provide students with hands-on training and practical knowledge in engineering design and manufacturing concepts, enhancing their technical and industry-relevant skills.

Venue: IES University & RPM Circuit, Ratibad, Bhopal, Madhya Pradesh.

Organized by: HINDUSTAN MOTORSPORTS.

About Event

Founded in 2015, Hindustan Motorsports has emerged as one of India's most trusted and dynamic motorsports organizations. We go beyond just organizing events — we craft a legacy of speed, innovation, and engineering excellence. Held 5 successful national-level events organized and association with 28 major motorsports events across India, our journey is a testament to our commitment, consistency, and community-building in the racing domain.

At Hindustan Motorsports, every event is a celebration of skill, creativity, and the relentless pursuit of performance. Whether it's Go-Karts, E-Bikes, or hybrid vehicle competitions, we bring together future-ready technology, passionate youth, and real-world racing environments.

We are more than a company — we are a community driven by the love for motorsports. We empower young engineers, collaborate with institutions, and provide a national platform where ideas race alongside machines. Join us on the track — where competition meets collaboration, and engineering meets adrenaline. Hindustan Motorsports — Fueling Passion. Engineering the Future.

Name: APEC 2026 (Aditya Pro Karting Endurance Championship season-6)
Date: 05 January 2026 - 08 January 2026.
Venue: Aditya University, surampalem, Kakinada.
Organized by: ADITYA MOTORSPORTS CLUB.

About Event

The Aditya Pro-Karting Endurance Championship 2026 (Season 6) is a prestigious motorsports event organized by Aditya University, Surampalem, Andhra Pradesh. The championship is scheduled to take place from January 5th to January 8th, 2026, and aims to bring together passionate racers, engineering students, and motorsport enthusiasts from various institutions. This endurance karting competition provides participants with an opportunity to demonstrate their driving skills, technical knowledge, and teamwork in a challenging racing environment. With a total prize pool of ₹6 lakhs, the event encourages competitive participation and promotes innovation and enthusiasm in the field of motorsports.

The championship also serves as a platform for students to gain practical exposure to racing dynamics, vehicle control, and endurance strategies. Participants will compete in a professionally organized karting event that tests their consistency, speed, and coordination over extended racing sessions.
