

SRKR ENGINEERING COLLEGE (A)

Policy for Promoting NPTEL Certification and Online Learning

1. Purpose

To encourage faculty and students to pursue continuous learning, enhance technical and professional competencies, and promote lifelong learning through NPTEL (National Programme on Technology Enhanced Learning) courses by providing reimbursement of certification examination fees based on performance.

2. Eligibility Criteria

A staff member shall be eligible for reimbursement only if:

- The staff member is a regular employee of the institution.
- The staff member has registered for an NPTEL online certification course.
- The staff member has appeared for the NPTEL certification examination.
- The staff member submits:
 - i. Course registration receipt.
 - ii. Examination fee payment receipt.
 - iii. NPTEL e-certificate or official result.
- The course should be relevant to the staff member's teaching, research, administrative responsibilities, or professional development.

4. Reimbursement Criteria

The examination fee reimbursement shall be based on the certification level achieved.

Certification Level	Performance Criteria	Examination Fee Reimbursement
Top 2%	Rank among Top 2%	100% + ₹2,000 Incentive
Top 1%	Rank among Top 1%	100% + ₹3,000 Incentive
Domain Scholar (Domain Star)	As per NPTEL criteria	100% reimbursement for all eligible courses completed under the domain + ₹5,000 Incentive
Discipline Star	As per NPTEL criteria	100% reimbursement for all eligible courses completed under the discipline + ₹5,000 Incentive

5. Incentives for Outstanding Achievement

To motivate excellence, the institution may provide additional recognition:

- Appreciation certificate.
- Recognition on the institution website and social media.
- Preference in nominations for FDPs, sponsored training programmes, and academic leadership roles.
- Consideration during annual performance appraisal and promotion, wherever applicable.

6. Claim Procedure

The reimbursement claim shall be submitted to the Research & Development Cell within 30 days of declaration of NPTEL results.

The following documents shall accompany the application:

- NPTEL registration confirmation.
- Examination fee receipt.
- NPTEL e-certificate.
- Official score card/result.
- Bank account details (if applicable).

7. Approval Process

- Verification by the R&D Cell.
- Recommendation by the Dean (R&D)/Principal.
- Approval by the Management.
- Reimbursement through salary or bank transfer.

8. General Conditions

- Reimbursement is applicable only once per course.
- Courses completed through unfair means or cancelled by NPTEL are not eligible.
- Staff members may claim reimbursement for multiple courses completed during an academic year.
- The institution reserves the right to modify or discontinue this policy based on budgetary provisions.
- This policy shall come into effect from Academic Year 2026–27 and shall remain in force until revised by the competent authority.

Annexure

The following are the commonly recognized NPTEL certification levels and STAR recognitions:

Recognition	Criteria
Successfully Completed	Final score between 40–59 (and meeting the minimum assignment and exam pass criteria).
Elite	Final score between 60–74.
Elite + Silver	Final score between 75–89.
Elite + Gold	Final score 90 or above.
Top 1%	Awarded to candidates ranked in the top 1% of certified learners in a course.
Top 2%	Awarded to candidates ranked in the next top 2% of certified learners (after the Top 1% group).
Top 5%	Awarded to candidates ranked in the next top 5% of certified learners.
Domain Scholar (Domain Star)	Awarded to learners who successfully complete all the required core and elective courses in a defined NPTEL domain, satisfy the minimum required weeks of learning, score at least 55 in every course, and maintain an overall average of at least 60.
Discipline Star	Awarded to learners who complete 50 weeks or more of certified courses within a single discipline, with a minimum score of 55 in every course.
